

## Get Into the Green Scene!

Do you want to find out what your child is eating (or not eating) at lunch? Sign up for the Green Team today! Parent volunteers are crucial to this system working, especially in these early days. **We need to have every shift filled, and ideally we'd like TWO volunteers for the second shift (younger kids)!**

**SignUpGenius:** <http://bit.ly/2jzm1Vm>

**Volunteer guidelines:** <http://bit.ly/2jeRIsV> No experience necessary!

## Results

It's working! Instead of 6-8 heavy black trash bags going to the dumpster, there is now **1/2 of ONE** black trash bag per day, for ALL lunch periods. We are now diverting *all liquids, foods, and recyclable containers* from the waste stream. **GREAT WORK!**

## See it in action!

See the photos of greatness in action.

**Thanks in advance for your support,**

The Harrington Green Team

Some of our  
invaluable  
volunteers.  
Be a Green  
Hawk today!

I organize my tray at my  
table into trash,  
recyclables, and compost!

Pouring out liquids  
diverts so much  
weight from the  
trash!
